Why Replace Your Timing Belt?

John Smith - Service Manager of ABC Motors says:

The purpose of a timing belt is to provide a quiet, flexible connection between the camshaft and the crankshaft to keep the valves opening and closing in concert with the engine pistons.

A broken or loose timing belt will alter this timing and result in very poor engine performance, a no start condition and possible engine damage.

TIMING BELT REPLACEMENT

Failure to replace timing belt could result in severe engine damage.

\$50 OFF

Valid only at ABC MOTORS. Kia's only. Only one coupon per customer. Some vehicles may be slightly higher. May not be combined with other coupons, discounts or specials. Please present coupon at time of purchase. Expires 12/XX/09.
